The Georgetown

A similar design to the Bridgetown with the wet areas being swapped with the Kitchen and living areas. This change really opens up the design to create an open style entertaining area.

Block sizes are estimates only and based on standard Developer setback and Rescode setback of 4 - 5m front only and 3m rear setback. Plans, facades and specifications vary depending on zone and region. All designs are priced to the traditional facade associated with the range, all other facades are considered upgrades and will incur charges unless otherwise specified.
